Introduction

Alfa for Food Industries is a pasta producer built on a comprehensive, end-to-end supply chain, from grain sourcing and milling to pasta production, packing, and export. We make affordable, high-quality pasta from wheat flour engineered to deliver a smooth, satisfying eating experience across spaghetti and popular short-cut shapes.

Alfa brings together leaders in Egypt and the Middle East's grain ecosystem: major wheat importers with global reach, expert millers and pasta technologists with decades of know-how, and reputable exporters of pasta and wheat flour worldwide.

We treat our clients as partners in success. Their satisfaction, and the satisfaction of the end consumer, remains our number-one priority.

Production lines

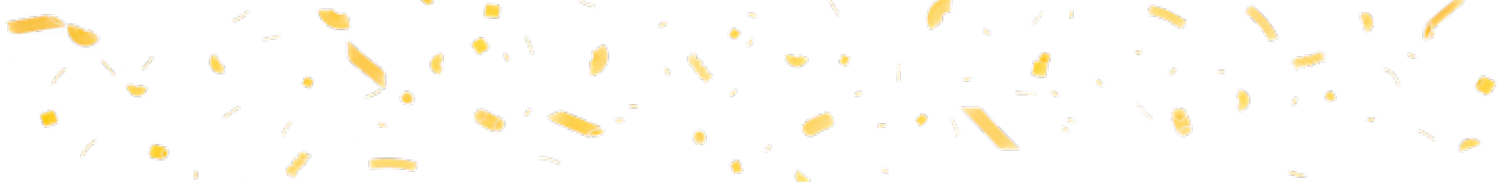

Our five Swiss-made Bühler lines covers a capacity of 7.5 tons/hour of spaghetti and 5 tons/hour of short cuts.
